3 Client & Business Development
(2 CEU Hours)

Growth Trends in Georgia: The A/E/C Market at the County Level

Georgia has some of the fastest growing counties in the nation. With the population in these counties on the rise, that means the need for many new types of facilities. These facilities include office complexes, parking structures, courthouses, schools, hotels and conference centers -- just to name a few. If your firm does work at the county level, or is looking to break into this market, this is a program you won't want to miss!

Join moderator **Tom Leslie of ACEC-Georgia** as he leads a panel of experts from various counties around Georgia:

- **Lynne Riley, Commissioner
Fulton County**
- **Jason Harper, Commissioner
Henry County**
- **Ray McFadden, Project Manager
Cheryl Delk, Special Projects Coordinator
Newton County**
- **Karl Kelley, Sr.
Public Services & Engineering Director
Rockdale County**
